### *From the Principal's Desk*

Welcome to week 7!

I hope you all enjoyed your long weekend with family and friends. It's hard to believe we are in week 7 already. Even though it's been a very different term 2 so far, it's certainly still flying by. We have had lots of learning time over the last week.

**Semester 1 Reports** – Every year we write two progress reports to provide a summary of your child's progress. We will be still sending written reports out at the end of this term even though the end of term 1 and beginning of term 2 saw home learning take place. These reports will look different to our previous reports. In line with advice from the NSW Department of Education, our semester 1 school reports have been adjusted to cater for students learning from school and at home. Please be aware that all students may not have covered the same syllabus outcomes or content during this period. This report will not grade student achievement using the A-E scale for outcomes. The teacher's comments will focus on English and Mathematics as well as a general comment to provide feedback about work habits and other KLAs. This report will also provide information about student attendance, their commitment to learning and semester 1 goals.

**Attendance** – I would like to mention how important it is that students are attending school every day. Throughout the week there a many times new concepts are taught and then consolidation of learning also takes place. It is hard when students are away regularly on the same day, as subjects are often taught on the same day every week, which results in whole concepts being missed. We are monitoring attendance daily and unexplained absences or prolonged illness without a doctor's certificate will be referred to the Learning and Wellbeing Officer for follow up. After a disrupted end of term 1 and beginning of term 2, we need to optimize learning time. If there are issues with your child getting to school please contact your child's teacher and discuss it with them.

Have a great week!

### SCHOLASTIC Book Club

❖ Issue 4 Book Club orders are due by 3:30pm this Friday 12<sup>th</sup> June. Orders can be placed online using the Scholastic LOOP website otherwise completed paper order forms with money need to be returned to the front office. If you have any questions about ordering from Book Club please don't hesitate to ask Mrs Grimshaw.

❖ This week is the last week of borrowing school library books for this term. Please note those students completing the NSW Premier's Reading Challenge will still be allowed to borrow until the end of this term.

#### Nationally Consistent Collection of Data

Our school is required to provide data on students who are receiving learning support in the classroom or who are involved in additional learning support programs throughout the school.

This information is used by the Australian government to help determine the future learning support needs of our children.

If you have any questions about this data collection, please do not hesitate to contact the school.

#### Three actions you can take to help manage the spread of COVID-19:

1. **Wash your hands** regularly and thoroughly.
2. **Sneeze into your elbow** or a tissue, disposing of the tissue straight away and then washing your hands.
3. **Stay home if you are unwell** we will send home staff or students who show signs of being unwell through the day.

## GRIFFITH EXCURSIONS

As you are aware the Theatre excursions were cancelled. The cost of the excursion for your child/ren in Kinder, Years 1, 2, 3, or 4 will be held as "Fees In Advance" for future activities, unless you would prefer a refund. To request a refund please contact the Front Office.

Thank you.

### Moving into Year 7 – *Expression of Interest* Form

#### **THIS FORM IS OVERDUE!**

All Year 6 students have been given this form. Please complete the '*Expression of Interest*' form and return to the front office.

Documentary that describes a denominator.  
 Example a denominator is the bottom number of a fraction.  
 Next fraction on the chart.  
 Olive the denominator genius.  
 Maths makes me wiggle!  
 Interesting denominator learning.  
 No person has ever beat me in the denominator challenge.  
 And also the denominator is a fraction.  
 Teachers teach maths not students.  
 Onomatopoeia before your fraction.  
 Race to finish.
