From the Principal's Desk

Welcome to Week 3.

This week we celebrate Education Week. The theme this year is fitting in these times of change and uncertainty, **Learning Together**. We held a special assembly today with the whole school getting together in the COLA for a short time to hand out our Recognition Assembly Awards from Term 1 and 2. We are extremely proud of our students and the way they have adapted to constantly changing situations, learning environments, and the fact we have not been able to do the many different things that are a highlight for our students throughout the year.

We would normally be holding our 3-way conferences, with parents, students and teachers at this time of the year. Due to the restrictions put in place in regards to having visitors we **will not be able to have face to face meetings**. We will be having phone meetings with parents and teachers. Teachers are working with students this week to set their Semester 2 Learning Goals, which will be sent home early next week, with preference time form for parents to fill in to nominate a preferred time for this meeting. Please discuss your child's learning goals with them and if you have any concerns, discuss with their classroom teacher at these meetings.

Reminder to send back the **Expression of Interest for 2021 Kindergarten** student form if you have a child starting school next year. If you know of neighbours or friends with children who will be attending school, please pass on the expression of interest forms. We are hoping to be able to hold our Open Day later this term but this will depend on Covid-19 guidelines. Have a great week.

Jodi Penfold
Acting Principal

We are now accepting
Kindergarten enrolments for 2021.
Please contact the school to register an
"Expression of Interest" for your child.

2 Green

2 Green have started the semester running to get the most out of our learning time. In Creative Arts, the students have been learning about primary and secondary colours and appreciating artworks of Picasso and Matisse to see how they use blends of secondary colour and bursts of primary colours in their works of art.

2 Green's exploration of primary and secondary colours through art is shown here.

2 Green

2 Green are developing their writing skills this semester using a writing program called "Little Scribes". We have been learning about descriptive language such as adjectives and similes and are using them to enhance our writing.
